SCHOOL HAS REOPENED  
AT CONGRESS HEIGHTS

Work of Remodeling Finished and 375 Pupils Moved Back from Anacostia.

The public school at Congress Heights was reopened yesterday, and the 375 pupils of this school were moved back from Anacostia to the school which they had attended previous to the opening of the present school year. Ten teachers were on hand to arrange the classes. Work of remodeling the old structure has been completed, but it will be several weeks before the new four-room addition can be used.

The Hillside Citizens' Association met last night in Odd Fellows Hall, in Sumner road. The school committee reported that work was progressing rapidly on the six-room addition to the Birney school, in Nichols avenue. A committee, it was reported, was at work on a bill to be introduced in Congress whereby all of the highways in that suburb would become public property.

Anacostia Tent, No. 7, Knights of Macabees began its year's work last night, with the new officers presiding. Candidates were admitted and applications for admission were received and favorably acted upon.

The Ladies Benevolent Society, of St. Teresa's Catholic Church, is arranging for its annual banquet, to take place next Thursday evening. Miss Mary O'Leary, president of the society, has named the following committee in charge: Mrs. G. B. Bury, Mrs. Joseph Peacock, Miss Watson, Mrs. Elizabeth Erckold, Mrs. McGhee, Mrs. Dixon, Mrs. Lawrence, Mrs. J. Leash. The members will be permitted to invite several friends.

Charles F. Roberts, chairman of the special committee of Anacostia Chapter, No. 12, Royal Arch Masons, to arrange for the entertainment of the Grand Chapter on the evening of January 26, reported last night at a meeting of the local chapter that practically all details had been completed. The program will include instrumental and vocal selections and addresses. Wilbur H. Lawrence, high priest of Anacostia Chapter, conducted the meeting.

Sewer and water mains are being extended through the subdivision of Fairlawn. Several sidewalks have been laid and street lamps erected.

Logan Relief Corps, No. 7, of Anacostia, will install its recently elected officers at a meeting to be held shortly.

## THEIR LOVE LETTERS SACRED.

Chinese Have Religious Rite for Burning Them.

Baltimore, Md., Jan. 12.—Baltimore women are inclined to regard love letters as sacred to sentiment. "It is not generally known," said a society leader here, "that an entire nation, the Chinese, consider them sacred."

In Baltimore's Chinatown is a sacred furnace which is utilized solely for the purpose of burning discarded letters, manuscript, and newspapers.

Three times every week a collector calls at each Chinese dwelling and takes away all cast-off literature, which has been folded neatly and put aside in a safe place, ending his arrival.

The furnace stands before the altar of a "Joss," or god, and every day the custodian burns the sackful of paper which has been taken there.

## BLUECOATS NAB A BEAR.

Reserves Called Out to "Arrest" Bruin Which Escapes Zoo.

Boston, Jan. 12.—The police reserves had to be called out for the first time in the history of this city to capture a bear, which escaped from the Franklin Park zoo.

It was a husky cinnamon bear weighing about a quarter of a ton, and from the time it escaped until it was captured last evening the police received hysterical telephone calls.

The animal was captured after it sought refuge in a tree, by burning sulphur disinfectant candles on the end of fish poles until it fled from the tree into a maze of wire fencing which led to a big crate.

## CHANGE FOR MAJ. GEN. WOOD.

Chief of Staff Knows Nothing of Panama Rumor.

Recent changes were made in the stationing of most of the general officers of the United States Army. In the case of Gen. Wood, he was told his duties as Chief of Staff soon were to cease. Where he was to be sent, however, was not disclosed.

Gen. Leonard Wood, when told of a rumor that he had been selected governor of the Canal Zone, said last night: "It is all news to me. It can be stated positively and truthfully that I have no knowledge of any plan that will take me to the Canal Zone in any capacity."

Secretary Garrison, of the War Department, also denied the report. It is generally understood in Washington, however, that Col. Goethals has no great desire to be the Zone's governor.

## GERMAN ART FOR FRISCO.

Showing Will Be Made at International Exposition.

Berlin, Jan. 12.—So far from being dismayed by the government's refusal to participate in the San Francisco Exposition, the leading German artists are redoubling their exertions to insure a fine display of German paintings and sculptures.

Under the guidance of Geheimrat von Kitzinger, president of the Society for the Promotion of German Art Abroad, a committee is being rapidly organized to collect exhibits. The Reichstag will be asked to appropriate a sum sufficient to defray the incident expenses.

"A large part of the preparatory work has already been done," said an official of the society.

"We are sure to get large contributions from connoisseurs and art patrons, anyhow, though we shall ask the government to appropriate \$100,000 toward our expenses."

German artists realize that this is their opportunity to show America that fine art works can be produced somewhere else besides France.

It is intended to make the exhibit representative of the best German work of the last few years. The list of exhibitors includes Max Liebermann, Max Klinger, Louis Corinth, Walter Leistikow, and other celebrities.

San Diego, Cal., Jan. 12.—Twelve members of the Mexican federalist garrison at Ensenada, Lower California, were executed yesterday for participation in a mutiny when they had failed to receive their pay from the government.

The British warship Shearwater is now at Ensenada.

## PRETTY SOFT; PRETTY SOFT.

Nothing for This Frenchman to Do but Draw Salary.

Paris, Jan. 12.—The man who has the easiest job in the United States has been discovered. He is a Frenchman, Clever de Pulligny, who is said to have drawn a salary of \$8,000 a year for the last four years without doing a stroke of work.

In 1909 de Pulligny was sent to the United States by the French government as "chief of the engineers' mission," his duties being to aid young French engineers in obtaining positions with big American firms, where they might learn American methods.

So far not a single Frenchman has applied for assistance, and, according to the Journal La Liberté, de Pulligny's sole occupation has been "traveling all over America attending innumerable conferences and banquets. The only man in France conscious of his existence seems to be the department treasurer, who draws his salary check."

## EUGENIC THEORY SCOUTED.

Conference on Race Betterment Rejects Plan.

Battle Creek, Mich., Jan. 12.—Breeding a race of human "thoroughbreds" by mating eugenically perfect women with eugenically perfect men will be rejected as an unsound theory by the executive committee of the national conference on race betterment, when it announced its conclusions from New York City early next month.

Dr. Maynard Metcalf, professor of zoology at Oberlin College, and Dr. Winfield S. Hall, professor of physiology at Northwestern University, among the speakers at the closing sessions of the conference today, told why they believe live-stock methods of breeding blue ribbon winners could not be applied to the human race. A sociologist, Prof. Herbert Adolphus Miller, of Olivet College, Michigan, supported their views, and previous speakers have held to the same theory.

## SAYRES TO RETURN SOON.

New in Paris, They Will Sail on Wednesday from Cherbourg.

Paris, Jan. 12.—Francis Bowes Sayre and his wife, formerly Miss Jessie Woodrow Wilson, were the guests of honor today at a luncheon given by Ambassador and Mrs. Myron T. Herrick. Mrs. Anna Wilson Howe, of Philadelphia, a sister of the President, was among the guests.

Mr. and Mrs. Sayre, according to their present plans, will sail for New York on Wednesday, on board the Majestic, from Cherbourg. The Majestic, which was substituted for the Philadelphia, which was to have sailed on that day.

Mr. and Mrs. Sayre passed their time in Paris quietly, visiting most of the places of interest to foreigners.

## MILLET "MADONNA" FOUND.

Famous Artist Painted Two. It Is Learned.

Paris, Jan. 12.—The discovery has just been made that Millet, painter of the famous "Angelus," painted two Madonnas. One of these, it is learned, formed a panel decoration in one of the three chapels forming the train de luxe which Napoleon III presented to Pope Pius IX. Two years ago this painting disappeared from Rome and has not been recovered.

The other Madonna, painted as a sign for a Parisian tradesman, has been found in the collection of an Italian connoisseur and has been claimed by a French woman.

Louisa Addison Pratt, by her will, dated May 24, 1906, and filed for probate yesterday, left to her nephew, Rev. Dr. Daniel Dulaney Addison, five acres of land in Alexandria County, Va., two notes for \$1,000 each, and one for \$500, all the moneys on deposit to her credit in the National Safe Deposit Savings and Trust Company, and the remainder of the estate, naming him also executor. Personal effects are given to Louisa Addison Herrick, Eleanor Tasker Addison, Julia De Wolf Addison, and Watson Clark.

Albert Turf, jeweler, yesterday filed suit against Isadore Kahn for \$10,000 damages, alleging that the defendant, who is engaged in the same business, slandered plaintiff, in speaking disparagingly about him to one of his customers, January 2, who came to the store of the defendant by mistake.

NEED HUSBANDS. NOT VOTES.

Women Should Marry, Says Pastor Who Organizes Society.

New York, Jan. 12.—The Rev. Dr. Cyrus Townsend Brady is about to organize a society to dispose of the celibacy problem in New York.

"What every woman wants is a husband, not a vote," said Dr. Brady. "There are 72,000 unmarried persons in New York—60,000 women and 12,000 men. Some plan should be devised by which the 20,000 men may be married to a corresponding number of women. This would leave 52,000 excess women, but they could be sent West, where men are clamoring for wives."
